RECIPE

Sautéed Swiss Chard with Garlic and Lemon

Ingredients:
- 2 tablespoons olive oil
- 4 garlic cloves, thinly sliced
- 1 teaspoon crushed red pepper flakes
- 2 large bunches Swiss chard, ribs and stems removed and reserved, leaves torn into 2” pieces (about 12 cups)
- Kosher salt and freshly ground black pepper
- 2 tablespoons fresh lemon juice

Preparation:
Heat oil in a large skillet over medium heat. Add red pepper flakes and half of Swiss chard, season with salt and pepper, and cook, tossing often, until wilted, about 4 minutes. Add lemon juice and remaining chard and cook, tossing, just until all chard is wilted, about 1 minute; season with salt and pepper.

Harvest Hope Community Garden

Highlight of the Month

The Harvest Hope Community Garden has a lot to celebrate this year. With over $1,200 in resident savings on fresh produce, we were able to serve over 2,000 families and engage 1,400+ volunteers. The garden has become a place of health, wealth, and friendship. The garden partnered with 19 different organizations ranging from Seniors in Service, Project Bridge Eckerd Connects, the James A. Haley Veteran's Hospital, and more. We closed the year with a field trip from Mort Elementary students, who helped harvest and tend to the garden. The students also enjoyed a delicious, plant-based breakfast prepared by Tampa Bay’s Farm to School Kids’ Kitchen. The last volunteer day of the year ended with a cook-out celebration catered by Albert Burrus, a University Area Resident and aspiring Chef. Thank you to everyone who was a part of the garden’s success. Looking forward to another great year!

Join us in the garden! Volunteer every Friday from 9:00 - 11:00 AM and take home fresh produce! For more information, contact Erica Nelson at (813) 558-5212 x 203 or enelson@uacdc.org
