UNIVERSITY AREA CULTURAL CAMPUS DEVELOPMENT: BROWNFIELD TO HEALTHFIELD

In addition to sharing a meal with neighbors, we'll talk about how the University Area will benefit from a recent multi-million dollar Community Change Grant. Do you know what a Brownfield is? Or how the future **Cultural Campus Economic Development Center** will be transformed into a Healthfield that improves access to community healthcare, creates jobs, and provides other benefits? Join us and learn how this redevelopment will positively impact the University Area Community...**YOUR COMMUNITY!**
