

THROUGH A DIFFERENT LENS

A Free Workshop on Food Photography

August 15th | 10 AM - 1 PM

Discover the art of storytelling through photography in this hands-on workshop designed for youth and adults ages 13 and older. Participants will learn how to use DSLR cameras to create professional-quality images while exploring the beauty of fresh produce, gardens, and healthy foods.

Participants will photograph various fresh fruits and vegetables while developing creative skills that highlight the connection between nutrition, agriculture, and the visual arts.

Spots are limited!
